

Your Congressman, David Obey, Has the Power to STOP Your Tax Dollars from Paying for Abortions

BACKGROUND:

A priority of President Obama, Democratic congressional leaders and their pro-abortion allies is dismantling a large body of law which over the years has prohibited the use of your federal tax dollars from being used to pay for abortions and other anti-life activities.

As Chairman of the House Appropriations Committee, Congressman Obey has the power to either protect your tax dollars from being used to destroy human life -- or force you to pay for it. Appropriations bills are being worked on right now in Congress.

It is estimated that laws which prohibit taxpayer-funding of abortions have saved over one million unborn babies from abortion over the past 30 years.

Some of the Current Laws Protecting Taxpayers That Need to Be Preserved

- Ban on taxpayer-funded abortions for low income women (Hyde Amendment), federal employees, federal prisoners and residents of the District of Columbia
- Ban on funding to create human embryos (including clones) and destroy them for research

ACTION NEEDED: Contact Congressman Obey TODAY!

Urge him to preserve ALL right-to-life provisions included every year in appropriations bills, such as the Hyde Amendment, that protect your tax dollars from paying for abortions.
