

YOU CAN HELP **STOP FOCA!**

- FOCA places women and unborn babies in peril
- FOCA silences your voices and ignores your values

A priority of Obama and the Democratic congressional leadership and their pro-abortion allies is the passage of a devastating piece of legislation ... the so-called *Freedom of Choice Act* (FOCA).

What would FOCA do?

FOCA would eliminate all of the federal and state laws passed in the past 35 years that restrict abortion and protect women and unborn babies ... laws that the majority of Wisconsin residents support.

What would result if FOCA becomes law?

- You, as a taxpayer, forced to pay for abortions
- Partial-birth abortion legal again
- Secret abortions for our minor daughters with no parental involvement
- No required information for women seeking abortions with waiting periods
- Medical professionals and facilities **forced** to perform abortions

That's right ... all of the laws that have been saving human lives since 1973 would be wiped out by FOCA *with no hope of passing future protective laws*. And the number of abortions will skyrocket!

Please sign this petition so your Member of Congress hears your voice loud and clear to STOP FOCA! Urge your family and friends to also sign the petition.
